

FUNCTION PACK

ABOUT US

As well as a talented and creative kitchen team, who are happy to discuss your individual menu requirements, Coopers offers a range of unique attributes which will ensure that your function is exactly how you would like it to be. But don't take our word for it, we'd love you to pop along and see for yourself. We encourage you to come and meet with a member of our management team for an informal chat and a tea or coffee.

We can sit and discuss how we can build your function around your requirements, any dietary requirements you may have and ensure that you really do receive the function you require.

THE ROOM

Our superb first floor function room, incorporating an original stage, is regularly used as a music venue but can also accommodate large wedding parties of up to 80 people and is ideal for family gatherings such as weddings, funeral teas, christenings and birthdays. The room also benefits from a restored Maplewood floor which is ideal for dancing. A disco, TV, video, DVD & overhead projector facilities can all be arranged if required.

THE DRINKS

As a free house, we have access to a large range of the very best cask ales. If there is a beer you or your guests have particularly enjoyed in Coopers, we will endeavour to provide either that specific product or something very similar on the day. We also have a superb wine list and a fantastic range of non-alcoholic drinks. Our highly knowledgeable team can offer table service if preferred, which means that you can choose from our extensive range of products without having to go to the bar.

THE FOOD

As mentioned previously, our kitchen team are hugely adaptable, talented and relish a challenge. We will be happy to meet with you, prior to your booking, to discuss specific menu requirements, no matter how outlandish or different they may be. Please use the examples overleaf as a guide only.
